

# Laser Chiller / Dust Collector

## New OEM Chiller / Collector Combo Unit For Precision Laser Cutting Operations

1. Air-cooled water chiller for heavy-service laser heads and optics, with reliable  $\pm .5^\circ$  uniformity.  
Single and dual circuit capability.
2. Automated continuous duty pulse jet filter cleaning.

3. MERV 16 filters are 99.999% efficient on 0.5 micron and larger particles by weight.  
The ideal PROVEN solution for extended life, consistent airflow, and low pressure drop performance.

4. Constructed with powder coated exterior steel panels for greatest durability.
  - Exclusive "Plug and Play" feature saves considerable set-up time.
  - Manufactured in the USA.
